NEWS FOR IMMEDIATE RELEASE

Village of Riverside Hosting Virtual Public Workshop for Zoning Input

The Village of Riverside is hosting a week-long Virtual Public Workshop for the Village's Zoning Code Update focusing on making the Central Business District (CBD) and Harlem Avenue more walkable and supportive of transit. Scheduled for October 13-19, 2020, the week-long event is designed to gather input from residents, businesses, property owners, community leaders, and other stakeholders on the role of zoning in supporting walkability and transit in two of Riverside's most prominent areas.

Due to COVID-19 restrictions, the Village is utilizing an online platform rather than meeting in-person. The interactive tools will mimic the types of activities and input sought through traditional meetings. In addition to providing comments on an interactive map, participants will be able to review informational resources to learn about the project goals, transit-supportive zoning, and key zoning issues in the CBD and along Harlem Avenue.

The Virtual Public Workshop will be available at:
